RE: South Carolina Electric & Gas Company
Correction to General Terms and Conditions

Dear Mr. Terreni:

South Carolina Electric & Gas Company ("SCE&G" or the "Company") recently completed an internal examination of its gas tariff which revealed two scrivener's errors within the General Terms and Conditions, which were approved by the Public Service Commission of South Carolina on November 13, 2006. The purpose of this filing is to correct these matters.

The first correction occurs on page 3 of the General Terms and Conditions. In reviewing Section III.D entitled "Limitations or Extensions", the Company discovered that reference was made therein to Section III.E; however, Section III.E does not exist as part of SCE&G's tariff. The correct reference is to Section III.D. The second correction occurs on page 5 of the General Terms and Conditions. In reviewing Section III.H entitled "Denial or Discontinuance of Service", the word "with" should have been stated as "without." In addition, the Company has corrected a typographical error in Section III.K on page 5.

Enclosed for filing are the updated copies of the General Terms and Conditions sheets wherein the scrivener's error has been corrected. For your ease of reference, we have also prepared and included herewith a red-lined version of the updated sheets showing where the correction has been made.

To complete our files, please return a copy of the corrected sheets to us reflecting the customary legend of "Approved for Filing" on each page.

By copy of this letter, I am providing the South Carolina Office of Regulatory Staff with copies of the corrected sheets.

- B. Installation Requirements** – Before piping a premises or purchasing equipment, the Customer shall give the Company notice and shall ascertain from the Company the character of service available at such premises. The Company may specify the content and pressure of the gas to be furnished, the location of the meter, and the point where the service connection shall be made.

Where more than one service is required by the Customer, the Company will provide such additional service upon payment by the Customer to the Company of the charges above the cost of the first service. Each installation shall be a separate account.

All piping and equipment must be installed and maintained in accordance with the applicable codes and requirements of the local, municipal, state, and federal authorities, and the Customer shall keep in good and safe repair and condition all such piping and equipment from the point of connection at the meter assembly with the facilities of the Company. Customer assumes responsibility and liability for damages and injuries caused by failures or malfunction of Customer's equipment.

- C. Connection/Reconnection** – An inspection by the appropriate jurisdiction must be completed and presented to the Company by the Customer prior to connection or reconnection of gas service on any premises where gas has not previously been served, or inactive for an extended period of time or where the gas piping has been modified or altered or if an unsafe condition exists.

The Customer or an adult representative must be present to admit the Company Representative during a connection/reconnection service visit. A minimum of one natural gas appliance must be connected, operational and ready for use prior to connection/reconnection of gas service. An appliance or device which is found to be unsafe shall be disconnected and the service shall remain disconnected.

- D. Limitations or Extensions** – Service is supplied only where, in the opinion of the Company, adequate service is available or can be made available under the provisions of these rules.

The Company's obligation to extend its facilities is limited to the assumption of new investment to the extent warranted by the revenue anticipated from the service to be supplied. Where the service to be supplied does not produce revenue sufficient to support the expenditure required to serve it, the Company will determine in each case the amount of payments and form thereof that may be required of the Customer.

The Company shall not be required to extend its distribution and service facilities, for the purpose of rendering gas service to the Customer until satisfactory rights-of-way, easements or permits have been obtained from government agencies and property owners, at the customers expense, to permit the installation, operation and maintenance of the Company's lines and facilities. The Customer in requesting or accepting service thereby grants the Company without charge necessary rights-of-way and privileges for its facilities along, across, and under property controlled by the Customer to the extent that such rights-of-way required or necessary to enable Company to supply service to the Customer and the Customer also grants the Company the right to continue or extend the Company's facilities on, across, or under with necessary rights to serve other Customers. Customers shall maintain such right-of-way so as to grant the Company continued access to its facilities by Company vehicles and other power-operated equipment.

Company will, subject to limitations stated in this Section III. ~~ED~~, and subject to the execution by the applicant and acceptance by Company of a service contract which includes a right-of-way agreement, furnish and install a service line along with standard appurtenances, such as shut-off-valve, regulator and meter, and required service pipe up to 125 feet more or less without cost to the applicant.

The Company may discontinue service without notice for reasons (1), (2), (3) and (6) above. For the remainder of the reasons the Customer shall be allowed a reasonable time in which to correct any discrepancy.

Failure of the Company to terminate or suspend service at any time after the occurrence of grounds therefore or to resort to any other legal remedy or to exercise any one or more of such alternative remedies, shall not waive or in any manner affect the Company's right to later resort to any or more of such rights or remedies on account of any such ground then existing or which may subsequently occur.

- I. Safety Requirements** – The Company is required under Regulations of the Commission to lock gas meters in the off position whenever service to a customer is discontinued. The requirement to lock a gas meter is applicable when gas service is turned off.

Restoration of gas service under these conditions will require a reconnection call to unlock the gas meter and restore gas service. The reconnection charge will be assessed for all such reconnection calls. The turning on or off of gas meters is to be done by a person duly authorized by the Company only.

- J. Reconnection Charge** – Where the Company has discontinued service for reasons listed in **Section III. H. and III.I.**, the Customer is subject to a reconnection charge of \$25 in addition to any other charges due and payable to the Company. If a Customer requests that a reconnection be made after normal working hours, the charge is \$35. In cases where both electric and gas services are reconnected at the same time on the same premises for the same Customer, only one charge will be made.

- K. Seasonal Block Charge** – A charge will apply for customers who disconnect service and subsequently request reconnection of service at the same premise within a 12 month period. This is commonly referred to as a seasonal block. The charge will be based on the number of months the customer is disconnected times the basic facilities charge as stated on the tariffs. In determining the month of disconnection, any number of days disconnected within a month constitutes a whole month of disconnection. If reconnection is requested to be performed after normal business hours, an additional of \$20.00 will be added to the charges as calculated above.

IV. BILLING AND PAYMENT TERMS

- A. General** – The rates specified in the various service classifications are stated on a monthly basis. Unless extenuating circumstances prevent, the Company will read meters at regular monthly intervals and render bills accordingly. If for any reason a meter is not read, the Company may prepare an estimated bill based on the Customer's average use billed for the preceding 60 days or from other information as may be available. All such bills are to be paid in accordance with the standard payment terms., and are subject to adjustment on the basis of actual use of service as computed from the next reading taken by the Company's representative or for any circumstances known to have affected the quantity of service used. No more than one estimated bill shall be rendered within a 60-day period unless otherwise agreed to by the Customer or allowed by the Commission. All billing errors shall be adjusted in accordance with the Commission's Rules and Regulations.

- B. Obligation** – The customer is responsible for all charges for gas furnished and for all charges under the agreement until the end of the terms thereof.

All bills shall be due and payable when rendered. Notice and collection of unpaid bills will be in accordance with the current Rules and Regulations of the Commission.

The Company may discontinue service without notice for reasons (1), (2), (3) and (6) above. For the remainder of the reasons the Customer shall be allowed a reasonable time in which to correct any discrepancy.

Failure of the Company to terminate or suspend service at any time after the occurrence of grounds therefore or to resort to any other legal remedy or to exercise any one or more of such alternative remedies, shall not waive or in any manner affect the Company's right to later resort to any or more of such rights or remedies on account of any such ground then existing or which may subsequently occur.
